Direct Dutch bulb buy to you

It is our pleasure to explain to you how to buy inexpensive, quality Dutch Bulbs directly from the grower in Holland, through our cooperative buying plan.

This plan is designed to that anyone who would like to participate, can place his individual order. We then pack and mark each individual order separately in shipping cases. By combining orders in one shipment, we can deliver these beautiful Holland bulbs at WHOLESALE PRICES to the original sender of the combined orders.

There is no C.O.D. charge for delivery. The bulbs will be shipped prepaid at the right time for planting. These extra large, top quality bulbs are inspected by both the U.S. and Dutch Departments of Agriculture and shipped directly from the fertile Dutch lowlands, AT WHOLESALE PRICES.

How to order

Fill in your own order sheet and select the varieties you want from picture book. MINIMUM QUANTITY 2 BULBS OF A KIND, or select our Dutch gardens collections.

Shipping and packing

All orders will be shipped together in crates to save freight, but each order will be packed separately and marked with name appearing on corresponding order sheet. Planting instructions will be included in each package.

Quality

Each bulb will be of exhibition size and of the finest quality. All bulbs are inspected by both the U.S. and Dutch Departments of Agriculture.

Delivery

In the fall at the right planting time.

Freight

All prices are prepaid to place of destination, including oceanfreight, U.S. customs duty etc., no C.O.D. of any kind.

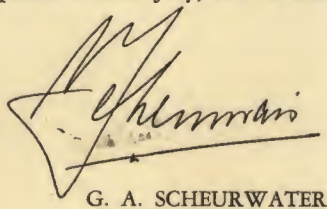

Invoicing

The invoice will be mailed to the original sender, stating each amount for every participant.

When to order

You can order as soon as you wish, we prefer before July, but orders will be accepted until September 1st.
